Dear Supporter of The Barack Obama Green Charter High School:

At The Barack Obama Green Charter High School, we focus on providing students with a top tier education, regardless the economic disadvantages they face. No matter where they want to excel, we strive to make sure all students have the tools and resources necessary to prepare them to become digital citizens and innovative thinkers in tomorrow's workforce.

Of course, none of this would be possible without the support of the entire BOGCHS community and local partnerships. With past donations, we have been able to create lifechanging opportunities that encouraged our students to become social justice advocates and community leaders.

As COVID-19 has greatly impacted the globe entirely, our students, especially our Senior class, have remained committed to becoming the best versions of themselves while adapting to remote instruction. The Class of 2021 shown great initiative to complete their final year of classes and college applications while being enrolled in a dual program to receive college credits. In order to fuel their high level of engagement when it comes to the next chapter of their academic careers, our focus is to equip the Class of 2021 with the resource needed to succeed in their future endeavors and that resource is a laptop.

With that being said we would like to gift all of the Class of 2021 with laptops. In order to make this dream come true, we need to raise \$26,000. We would greatly appreciate if you could contribute anything to this cause.

If you wish to support us, please visit our gofundme :

All of us at The Barack Obama Green Charter High School want to thank you in advance for your contribution.

Sincerely,  
Mrs. Erin Murphy-Richardson
