BOGCHS STUDENT CHROMEBOOK & GOOGLE APPS FOR EDUCATION CONTRACT

You will soon receive a BOGCHS issued mobile device. As part of its Digital Learning Initiative, BOGCHS is providing Chromebook devices to students. The mobile device is an important part of your school's curriculum, and you will use it regularly for school purposes. In order to participate, you and your parents/guardians must read and agree to the terms listed on this form. These terms apply to the device issued to you and/or any temporary loaner device that may be issued to you. If you or your parents/guardians do not agree, you will use the device in school, but school administrators reserve the right to limit your privilege to take the device home.

- Students and Parents/Guardians acknowledge that any issued device is and remains the property of BOGCHS. BOGCHS is loaning the device to the Student. The Student's use of the device is a privilege and can be revoked at any time. The Student must return the device to BOGCHS if the Student withdraws from the school system, at the end of the school year or immediately upon the request of BOGCHS. BOGCHS will assess a fee (see below) and may also file a report of stolen property with the local law enforcement agency for devices not returned.
- Students will adhere to these terms each time the device is used, including when it is not on school buildings or property.
- Students use of the device must comply with all applicable School Board Policies and Regulations including the Student Code of Conduct and the Acceptable Use Policy. The device is to be used for Educational purposes only.
- Students have no expectation of privacy in his/her use of the device. BOGCHS reserves the right to monitor the Student's use of the device and to periodically inspect the device and anything stored on it without prior notice.
- Students will report to School Personnel any incidents of inappropriate communications transmitted in any form using BOGCHS owned technology.
- Students will not alter, disfigure or deface the device or adhere stickers or other markings that cannot be completely removed by the Student prior to returning the device. Student's will not cover up or remove any manufacturer or BOGCHS markings, numbers, letters or insignia.
- Students are responsible for the reasonable care of the device. Students should take care not to drop the device, get it wet, leave it outdoors or in extreme weather conditions, or use it near food or drink. Students may clean the device with a soft, dry cloth.
- Students may not lend the device to anyone, including friends or siblings.
- Students must bring their issued device fully charged to school each day.
- While BOGCHS uses technology protection measures to limit access to material considered harmful or inappropriate to students, it may not be possible for the school to absolutely prevent such access, and the Parent/Guardian should supervise the Student's use of the device at home.
- Devices reported as stolen require that parents notify police to file a report within 48 hours. A copy of an official police report must be provided to the School Administration.
- Students and Parents/Guardians are not to attempt to repair the device. BOGCHS will manage all device repairs. The Student and/or Parent/Guardian must immediately report to School Personnel any damage to or the loss or malfunctioning of the device.
- If damage occurs to the mobile device, Students and Parents/Guardians agree to be responsible for the following fees:
Loss or Damage devices: Up to full price for repair or replacement of a damaged, lost, or stolen device or AC adapter. BOGCHS reserves the right to adjust fees charged for lost, stolen or damaged devices. Student: I have read, understand and agree that if I do not honor all the terms in this agreement, I may be denied access to the device and/or subject to disciplinary action, and my BOGCHS issued mobile device may be confiscated.
