

BOGCHS 2014-2015 Daily Schedule – How It Works

Greetings, everyone, and welcome back to school for the new school year! With this new year comes a new schedule, almost completely different from what we had last year. This sheet will walk you through how the new schedule works, both during the day and during the week.

The daily bell schedule is shown below.

	A Day	B Day	C Day	D Day
7:45 – 8:35	Period 1	Period 2	Period 3	Period 4
8:39 – 9:29	Period 2	Period 3	Period 4	Period 1
9:33 – 10:23	Period 3	Period 4	Period 1	Period 2
10:27 – 12:03	Lunch/Enrichment	Lunch/Enrichment	Lunch/Enrichment	Lunch/Enrichment
12:07 – 12:57	Period 5	Period 6	Period 7	Period 8
1:01 – 1:51	Period 6	Period 7	Period 8	Period 5
1:55 – 2:45	Period 7	Period 8	Period 5	Period 6

	Lunch 1	Lunch 2	Lunch 3
Time	10:27 – 10:57	11:00 – 11:30	11:33 – 12:03

Much like last year, Mondays will be A days and Tuesdays will be B days; however, we now add in C days on Wednesday and D days on Thursdays. Friday will rotate every week depending on what is needed; for example, September 5th is a C day and September 12th is a B day. There will be a bulletin board as you enter the building which will say what the current day is, as well as what day that week's Friday will be.

After you swipe into the building each morning, you will proceed to a different "first period" class depending on the day of the week. Think about it in terms of letters of the alphabet: A is the 1st letter, so you will visit period 1 first thing in the morning on A days. B is the 2nd letter, and B days start with period 2. The same pattern applies with C-3 and D-4.

To figure out what period the afternoon begins with, take the first period of the day and add 4. For example, on the first day of school (D day), since the morning starts with period 4, the afternoon will start with period 8.

Morning classes will always be from periods 1 through 4, while afternoon classes will always be periods 5 through 8. However, note that each day, you only see 6 of your classes. This is because every morning and every afternoon, one of your classes will drop from the schedule depending on what day it is. If you keep counting 1-2-3-4-1-2-3-4, this will be the easiest way to figure out which period drops each morning (5-6-7-8-5-6-7-8 for afternoons).

Obviously, you will only eat lunch during one of the three lunch periods; the other two periods will be for your enrichment activities. Enrichments rotate per marking period and will be discussed during your physical education classes during the first week of school.
